Calendar
2002

To My Big, Wonderful Family,

Yet another year, and our family continues to grow. This past year we have been especially blessed with the joyous reunion into our lives of Tim's children, Timi and Korey, and their families.

The 2002 calendar is a celebration of my great grandchildren who have contributed the finest of their refrigerator art to grace the pages. I am so pleased to be the great grand matriarch of budding Rembrandts, Piccassos and here and there a Salvador Dali. Our cover features the elegant work of Korey's year-old daughter, Keasa.

May we all enjoy another beautiful Christmas, and may the new year bring us as much joy as the last.

Love,

G.G., Grandma, Mom, Jerri
