

The Knight Family Calendar 2025

Introduction

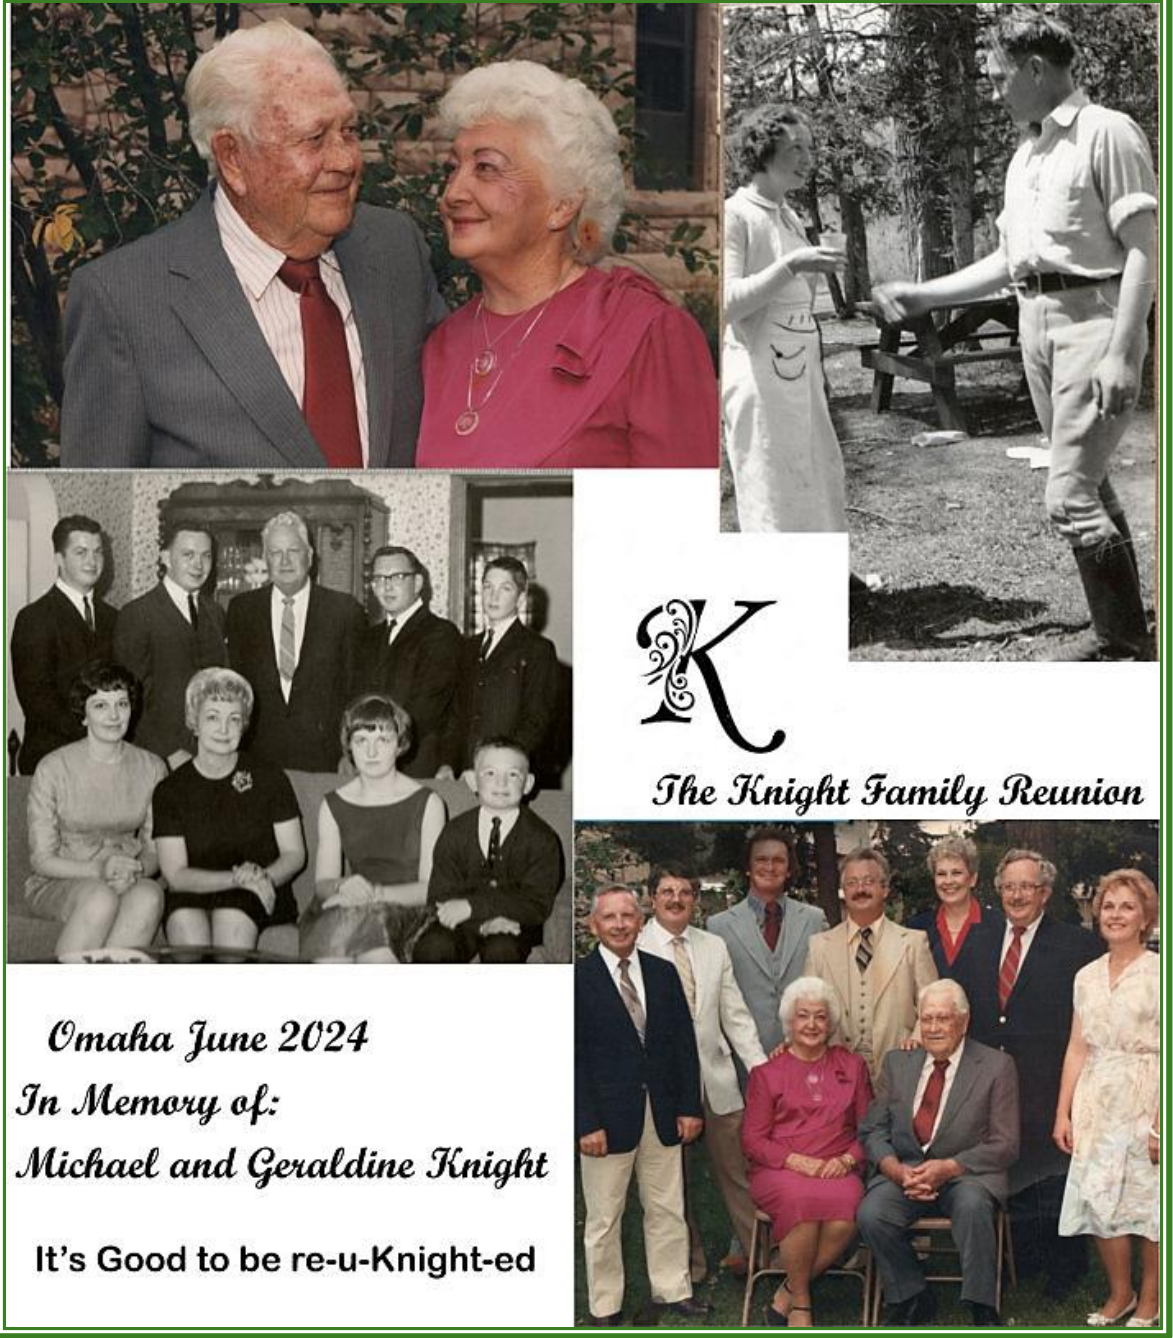

The 2025 Knight Family Calendar is the latest of 34 editions dating back to 1992. This year we are using photos from the family reunion in Omaha in June of 2024. Wow, have we grown, with over 70 of us in attendance.

The colorful tree on the front cover has for leaves thumbprints of family members at the reunion. The collage on this page was designed by Dan and Kelly who hosted the first day of festivities at their home. Jill, Dave and Harry had us for brunch the next morning. The photos are from both days.

At the end of this edition is a page Maureen created listing some of the many ways we occupy ourselves. Have fun seeing how many titles you fill, and how many we can ascribe to each other.

If you weren't able to join us in Omaha, I hope browsing through the calendar makes you feel you were there; for sure, we had you with us in spirit.

Wishing all of you a happy 2025,
Denny

The Grand Knight Family

June 2024

The Tree's Branches

Sugar, Spice, Snips, Snails, and Puppy Dog Tails

Janvi admires her first firefly.

There was no shortage
of food or dessert

Mick hang
thumbprints
on the tree

The photographers spent much of the day with
us and took the portraits and many of the
candid pictures in our calendar.

Jelly Belly made a Friend

The Union Pacific Big Boy is the largest and most powerful locomotive ever built. Our dad and Grand Patriarch, Michael Knight was first a fireman then an engineer on the UP and was often at the throttle of a Big Boy. Engine #4023, built between 1942 and 1946, is on display in Omaha.

Occupations & Preoccupations

In random order, these are just some of the things we in the greater Knight family do or have done, whether for pay or not, and it's likely we each share a number of them. How many jobs can you put on your resume? What did we forget to list?
